

STOP KILLING TIME!

Presently, **thousands** of pocket watches - and other mechanical time pieces of all sorts - are **destroyed** in a great winnowing for parts to adorn ladies' and gentlemen's hats and attire as mere **baubles**, for the sake of à la mode fashion. Time pieces that have ticked steadily on for **over a hundred years of loyal service!** This is an **injurious** fribble, destroying the very soul of our Sense of Time. The de-structive nature of this act, is the work of the Devil and Himself! Turn away from this **vile and savage** fancy! Keep pocket watches **intact and unspoiled** as they are meant to naturally be!

We at **The Society Pocket Watch** seek to preserve the timeless work of the yesteryear Horologists of **ruptuon** and from **corrupted** and sociated **entropy** mis-guided, with current **shameful** inclinations of forcing watches to lay their **vocative** gears **pro-ggling** and **objectionable** the delight of the populace.

But it is only with your help that we are to succeed, my friend. Only with your help! Join **SToPP Watch!** Assist us with finding homes for orphaned and needy time pieces that are down to their last few hours! Help us find proper care and lodging for those that are salvagable from the overwound vices of modern society! Like a fine watch, greet these opportunities with open hands and bright faces... **IT IS TIME FOR YOUR COG TO**

TURN!
